Definition of a Visit

For the purpose of this Policy, an educational visit is defined as “any occasion when pupils take part in learning activities which are carried out beyond the boundary of the academy.”

The Value of Visits

The Learning Outside the Classroom [LOtC] Manifesto (DCSF, November 2006) states:

“We believe that every young person should experience the world beyond the classroom as an essential part of learning and personal development, whatever their age, ability or circumstances.”

And also:

*“Learning outside the classroom is about raising achievement through an organised, powerful approach to learning in which direct experience is of prime importance. This is not only about **what** is learned but importantly **how** and **where** we learn.”*

Governors agree wholeheartedly with these sentiments and recognise and endorse learning in ‘the real world’. Governors support, in principle, all school visits that are not only consistent with the above but also support the principles of inclusion.
